

Business Process Symposium

Meeting to be held on Tuesday 7th July 2015

At Pavilions of Harrogate, Yorkshire Event Centre Ltd, Great Yorkshire Showground, Harrogate, HG2 8NZ

09:30	Registration & Coffee	All
10:00	Introduction & Welcome and User Group Update	Amanda Byrne UKISUG
10:15	Run Simple: the Challenge for CIOs CIOs recognise the motivation and benefits of simplification, but how might they achieve it? We take three typical industry approaches: Mobile-First, Big Data and Process Re-Engineering and look at how each can lead to significant simplification in the business and in the business' systems.	Mark Darbyshire SAP
11:00	Coffee & Networking	All
11:30	Create effective & efficient workflows and maximise your SAP investment with Business Process Management By connecting systems, people and organisations through BPM and Process Orchestration, CompriseIT has helped many businesses automate processes, which previously relied too heavily on manual intervention. Along with cost savings, these companies have clearer visibility of workflows and an audit trail to meet compliance regulations.	Owen Pettiford CompriseIT
12:15	Lunch & Networking	All
The following companies will be exhibiting and/or speaking for us during our afternoon breakout streams. For the full stream information please turn over.
