

Supply Chain Management Special Interest Group

Meeting to be held on Wednesday 23rd September 2015
At Atos, 4 Triton Square,
Regent's Place, London, NW1 3HG

AGENDA

- | | | |
|-------|---|----------------------------|
| 09:30 | Registration & Coffee | All |
| 10:00 | Introduction & Welcome | Richard Symes
SIG Chair |
| 10:05 | Round the Room Introductions
Your name, organisation, what you hope to get from this SIG meeting. | All |
| 10:20 | Digital Factory of the Future - Using Idea to Performance (I2P) to accelerate product innovation cycles with SAP's supply chain tool set.
A demonstration of 3D printing to show how you can use SAP tools to accelerate your product innovation cycle. A sharing of our experience of helping our clients successfully improve manufacturing performance. | James Rickard
Atos |
| 11:20 | COFFEE & NETWORKING | All |
| 11:45 | The Internet of Things: Mapping the value beyond the hype
The Internet of Things offers companies great opportunities to transform their business operations, and many of them are looking into that right now. Leveraging sensor data and geo information for advanced real-time insights, and connecting physical devices for process automation allow companies getting to a next level of manufacturing and logistics excellence. See how companies can benefit from SAP's IoT portfolio to transform their businesses. | Francesco Penza
SAP |
| 12:30 | User Group Update
Update on this year's annual conference & how you can influence SAP. | Richard Symes
SIG Chair |
| 12:45 | Problem Corner
Open forum for Q&A between delegates. | All |
| 13:00 | LUNCH & NETWORKING | All |
| 14:00 | Manufacturing Integration and Intelligence
Scapa runs MII at 4 manufacturing sites and has done so for seven years. What MII does for Scapa. How it works better than the ERP interface. | Richard Symes
Scapa |
| 14:45 | Any Other Business & Close | All |
